

**SECOND METRONAMICA SOFTWARE CALIBRATION WORKSHOP, RIKS,  
MAASTRICHT, NETHERLANDS**

**7-9 September 2011**

**Program**

*Day 1*

Revisiting calibration and validation

Assessing local accuracy

*Day 2*

Global and focal pattern measures

Fine tuning calibration

*Day 3*

Indicators

Scenarios

**FIRST METRONAMICA SOFTWARE CALIBRATION WORKSHOP, RIKS,  
MAASTRICHT, NETHERLANDS**

**8-10 June 2011**

**Program**

*Day 1*

Introduction Metronamica and configurations

Conceptual modelling

*Day 2*

Setup and data requirements

Calibration overview

*Day 3*

Calibration methods (neighborhood and randomness)

Calibration methods continued (accessibility, suitability and zoning)
